

IMPORTANT PACKING INSTRUCTIONS

To protect the telescope in transit, insert the pillows in the bin as shown, then place the telescope so that the main lens rests against bottom pillow and the viewfinder is facing up, resting against the side pillow. Use the provided cardboard padding to protect the main lens.

Telescope Contents

- A** 2 Pillows
- B** Orion StarBlast 4.5" telescope
- C** Star and planet locator
- D** Constellation pocket guide
- E** User manual

BEFORE USE: Carefully review the entire Aldrich Astronomical Society instructional video at cfpl.info/telescope. The telescope is very fragile, and borrowers are financially responsible for any damages incurred to this kit's components.

CAUTION: Do not look at the sun while using the telescope. Doing so can blind the user. The Library is not responsible for any injury related to the use of this telescope.

Total Replacement Cost **\$400**

What is this **thing**?

Our **telescope** is made available through a partnership with the Aldrich Astronomical Society and is specially modified for a beginner-friendly introduction to stargazing.

How do I use this **thing**?

A laminated manual is included in this kit. Before use, carefully review the Aldrich Astronomical Society's complete instructional video at **cfpl.info/telescope**.
